

## *Breast Friends* *Celebrates 20 Years of Impact*

For the past 20 years, Breast Friends mission has been to provide programs of support for women who have heard the words: “you have cancer.” While the pandemic has changed how we serve, it has not changed the passion and commitment we have for our patients. Empathy has not been cancelled, hope has not been cancelled, sisterhood has not been cancelled, but neither has cancer. That is why Breast Friends is still here, working hard, because we "get it". This year’s fundraising events look different, but our needs are still the same.

Our goal is to ensure that no woman goes through a diagnosis of cancer alone, but we cannot do that without your help. Because . . . compassion is not cancelled at Breast Friends. Text "breastfriends" to 41444 to donate.

It's time to show your Warrior Spirit – join us on  
**October 25th for a 5K!**

- Safe, socially distanced event.
- Participate in any way you like – bike, swim, run, row, skip, walk.
- Participate from anywhere in the U.S.
